

Overview of the online catalogue

The screenshot displays the ELS online catalogue interface. At the top, a dark navigation bar contains the following links: Home, Browse, Search, Reading lists, and News. Below this, the main content area is divided into several sections:

- Browse:** A section on the left showing a grid of book covers under the heading "Browse". It includes sub-sections for "NEW ITEMS", "HIGHLY RATED", and "POPULAR".
- Advanced Search:** A search interface on the left with a search box and various filters such as "Title", "Author", "Subject", "Year", "Publication", "ISBN", and "Availability".
- Home:** A central section titled "Home" featuring a "READING LISTS" sidebar and a "BOOK BAND 1-10" grid of book covers.
- Reading Lists:** A section on the right titled "Reading Lists" showing a list of books with their titles and authors.

Red arrows point from the navigation bar to the corresponding sections: "Browse" to the Browse section, "Search" to the Advanced Search section, "Reading lists" to the Reading Lists section, and "Home" to the Home section.

There are five main sections to the catalogue:

The **Browse Page** allows you to browse new titles.

The **Advanced Search Page** allows you to search the library catalogue, using various search criteria to allow you to broaden or narrow your search as necessary.

The **Reading Lists** page gives you access to lists of items that have been prepared by library staff.

The **Home Page** provides an overview of our stock, including popular and new items. There are also links to the website and online request form.

The **Basic Search** facility allows you to perform a basic search for items by entering words into the search box. This is always at the top of the screen.
